Cod: 12359323371237

Countertop refrigerated display cabinet 0 +12 °C 121.9 × 56.8 × 68.6 (h) cm 0.36 kW

Description

Why buy it?

This **countertop refrigerated display cabinet** represents a strategic investment for those who wish to showcase their products whilst keeping them at the right temperature at all times. Thanks to its forced-air cooling system and a design optimised for maximum visibility, it ensures impeccable presentation and consistent food preservation. Ideal for commercial use but also perfect for more specialised applications, it is a practical, efficient solution with a modern design.

Key features

- **Sturdy construction in stainless steel, glass and plastic**
  The combination of materials ensures **strength, durability and ease of cleaning**. The stainless steel guarantees sturdiness and hygiene, whilst the glass panels allow a clear view of the products on display.
- **Ventilated cooling for uniform temperature**
  The ventilated system distributes the cold air evenly throughout the display cabinet, preventing temperature fluctuations and keeping food in ideal conditions at all times.
- **Built-in refrigeration unit**
  The integrated motor makes installation simple and straightforward, with no need for external units. A practical and compact solution for any workbench.
- **Intuitive digital control unit**
  The electronic control allows you to **adjust and monitor the temperature with precision**, improving day-to-day management and ensuring consistent performance.
- **Automatic defrost**
  The automatic system prevents ice build-up, reducing the need for manual intervention and ensuring maximum operational efficiency at all times.
- **Automatic condensate evaporation**
  Water produced during operation is automatically managed, preventing build-up and simplifying maintenance.
- **Sliding doors on the operator side**
  Designed to make day-to-day work easier, they allow quick and convenient access to products without obstruction, optimising workspace.
- **Double-glazed tempered glass on each side**
  The double-glazed tempered glass improves thermal insulation and enhances safety, whilst ensuring **excellent visibility from every angle**.
- **Internal LED lighting**
  LED lighting showcases the products on display, making them more appealing to customers whilst helping to save energy.
- **Internal shelving**
  Includes **1 shelf measuring 115.5x33 cm and 1 measuring 115.5x36 cm**, ideal for organising the interior space efficiently and adapting it to different types of food.

Technical specifications

- **External dimensions:** 121.9 x 56.8 x 68.6h cm
- **Internal dimensions:** 118 x 48.5 x 37h cm
- **Packaging dimensions:** 128 x 63 x 86h cm
- **Capacity:** 242 litres
- **Operating temperature:** +0°C / +12°C
- **Energy efficiency class:** B
- **Power:** 0.36 kW
- Mains**supply:** 230 V – 50 Hz
- **Refrigerant:** R290
- **Net weight:** 92 kg
- **Gross weight:** 100 kg

Dimensions

External dimensions	1219x568x686 mm
Internal dimensions	1180x485x370 mm
Packaging dimensions	1280x630x860 mm

Technical specifications

Capacity	242 Lt
Electrical Power	0.36 kW
Energy efficiency class	B
Frequency	50 Hz
Net weight	92 kg
Operating temperature	0 +12 °C
Power supply	Electric
Refrigerant gas	R290
Voltage	230 V
Weight including packaging	100 kg

Standard equipment

Included	1 grid measuring 1155x330 mm and 1 grid measuring 1155x360 mm
