Cod: 12489050227

High-speed 1 GN 2/3 combination electric oven with steam and touch controls, 3.3 kW

Description

A combi oven that combines water vapourisation with high-speed air circulation within the cooking chamber, ensuring consistent results and reduced cooking times. It requires no extractor hood or filter and is **ready for use**. Made entirely from **stainless steel**, it features **a 7-inch touchscreen panel** and **a tempered glass door**. The **3-litre tank** allows **for** up to **400 cooking cycles**. The oven **automatically** controls **temperature and humidity levels** according to the desired end result. It features **6 pre-loaded recipes**, with the option to store up to **18 customised** ones. It is also possible to add **an extra** 15 or 30 seconds to extend the cooking cycle. The package is completed by an **end-of-cycle signal**, a **baking tray** and a **baking peel**, all included.

Dimensions

External dimensions	430x672x513 mm
Internal dimensions	360x360x175 mm
Packaging dimensions	500x760x670 mm

Technical specifications

Electrical Power	3.3 kW
Frequency	50 Hz
Net weight	43 kg
Power supply	Electric
Voltage	230 V

Standard equipment

Included	1 GN 2/3 baking tray
