Cod: 122370012932

6-burner gas hob with pilot light, piezoelectric ignition and gas oven S/90 120×90 cm

Description

Why Buy It?

If you're looking for a robust, efficient solution that meets the demands of a professional kitchen, this **gas cooker** is the ideal choice. With its compact design and high-quality materials, it offers superior performance combined with a modern look. It's perfect for those who want to make the most of their space and improve efficiency in the kitchen.

Key Features

- **35.5 kW power output for exceptional performance**
  Thanks to its 6 burners, you can manage several cooking tasks simultaneously, saving time and boosting your kitchen's productivity.
- The **pilot flame** ensures rapid and continuous ignition of the burners, reduces waiting times and enhances safety by cutting off the gas supply should the flame go out.
- The **piezoelectric** ignition system is practical and safe: it requires no batteries or mains power, operates with a simple mechanical push, is reliable even in harsh environments, and ensures a long service life with minimal maintenance.
- **A built-in static oven** is located**at the bottom**, measuring 30x57x65h cm **with a power output of 6 kW, capable of** holding 3 GN 2/1 trays. Furthermore, the operating temperature – which is easily controlled via knobs located at the front of the cooker – ranges from **+120 to +330 °C**.
- **Stainless steel construction for durability and hygiene**
  The **stainless steel** construction ensures resistance to corrosion, ease of cleaning and a long service life, even in high-intensity working environments.
- **Enclosed compartment for an organised and safe kitchen**
  With 1 integrated enclosed compartment, this gas cooker offers additional space for storing utensils, pans or ingredients, keeping the workspace tidy and safe.
- **Adjustable feet for impeccable stability**
  The adjustable feet ensure the cooker is always perfectly stable, even on uneven surfaces, guaranteeing comfort and safety during use.
- **Compact dimensions for seamless integration**
  Measuring **120x90x97h cm**, this cooker fits easily into even the smallest of spaces, without compromising on performance.

Technical Specifications

- **External dimensions:** 120x90x97h cm
- **Fuel type:** Gas
- **Weight: 220** kg
- **Net weight:** 200 kg
- **Gas power:** 35.5 kW
- **Oven power**: 6 kW

N.B.: Fitted with a safety thermocouple.

Note on knob colours:
Our equipment is available with red or silver knobs. The colour cannot be selected by the customer and will be supplied at random. However, if multiple products from the same range are ordered, we undertake to supply all items with knobs of the same colour.

Dimensions

External dimensions	1200x900x970 mm
Packaging dimensions	1300x970x1100 mm

Technical specifications

Burner Power	5.5 (x3) + 4.5 (x3) kW
Gas Power	35.5 kW
Net weight	200 kg
Oven Power	6 kW
Power supply	Gas
Weight including packaging	220 kg
