Cod: 12874

2-door stainless steel refrigerated table, -2 to +8 °C, 136×60×85h cm, tropicalised, damaged

Description

Why buy it?

If you run a professional kitchen, a restaurant or a pizzeria, this **2-door stainless steel refrigerated counter** is an essential solution for optimising space and functionality. Thanks to its robust construction and advanced technology, it offers efficiency, hygiene and convenience. That's why it's an investment that will improve your day-to-day work:

- **Energy efficiency and forced-air cooling**: It keeps your food at the ideal temperature (-2 to +8 °C), even in hot environments of up to **43 °C**. Perfect for demanding working conditions.
- **Professional stainless steel design**: The **AISI 304 stainless steel** construction ensures exceptional corrosion resistance, ease of cleaning and impeccable hygiene, essential for compliance with HACCP regulations.
- **Versatility and spacious capacity**: With a capacity of **205 litres** and two independent doors, you can organise your ingredients optimally.

Key features

- **Stainless steel construction**: The quality of **the AISI 304 material** guarantees robustness and longevity.
- **Two self-closing doors**: The doors close automatically to maintain the internal temperature, preventing energy wastage. Ideal for busy environments.
- **Rounded corners for easy cleaning**: Every detail is designed to facilitate hygiene: the rounded internal corners eliminate cleaning difficulties and comply with health and safety standards.
- **Dixell electronic thermostat**: Ensures precise and reliable temperature control, for optimal preservation of fresh and delicate foods.
- **Ventilated refrigeration with R290 gas**: Uses an environmentally friendly gas that reduces environmental impact without compromising performance. The ventilation system distributes the cold air evenly throughout each compartment.
- **Adjustable feet for perfect stability**: Adjust the height of the table to suit your kitchen's requirements, ensuring comfortable working conditions even on uneven floors.
- **Spacious interior with adjustable shelves**: Allows you to organise food easily. The shelves are adjustable, enabling customised use of the space.
- **Energy efficiency class C**: Despite its power rating of 0.21 kW, the table offers optimal performance and low energy consumption.

Technical specifications

- **External dimensions**: 136x60x85h cm
- **Internal capacity**: 205 litres
- **Operating temperature**: -2 to +8 °C
- **Maximum ambient temperature**: 43 °C
- **Refrigerant**: R290
- **Cooling** system: Ventilated
- **Power consumption**: 0.21 kW
- **Power supply**: Mains, 230 V, 50 Hz
- **Compressor**: Embraco
- **Thermostat**: Dixell

Standard equipment

Included: 2 shelves and 2 pairs of rails

NB: The product has some imperfections caused by transport.

Dimensions

External dimensions	1360x600x850 mm
Internal dimensions	796x480x600 mm
Packaging dimensions	1400x630x890 mm

Technical specifications

Capacity	205 Lt
Defrosting	automatic
Electrical Power	0.21 kW
Electricity consumption	1.94 Kw/24h
Energy efficiency class	C
Frequency	50 Hz
Maximum room temperature	43 °C
Net weight	75 kg
Noise levels	65 db
Operating temperature	-2 +8 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	ventilated
Voltage	230 V
Weight including packaging	90 kg

Standard equipment

Included	2 grids measuring 43 x 32.5 cm and 2 pairs of rails
