Cod: 12885

Table with stainless steel legs and a base panel 60 cm deep, 180×60 cm, new, with transport damage

Description

Why buy it?

This table is the ideal choice for anyone looking **for a compact yet extremely durable worktop**. Made entirely from stainless steel – a material that guarantees **durability, hygiene and ease of cleaning** – it is designed to fit perfectly into professional environments such as restaurant kitchens, workshops and delis. Its compact depth also makes it perfect for tighter spaces, whilst still offering the practicality of an additional work surface thanks to the lower shelf.

Key features

- **High-quality stainless steel construction**
  The entire structure of the table is made from **stainless steel**, a material synonymous with **corrosion resistance, durability and maximum hygiene**. Ideal for environments where frequent cleaning and contact with food are the order of the day.
- **Lower shelf for added convenience**
  The **lower shelf** provides a handy extra space for storing utensils, containers or work materials, helping to keep the top surface clear and tidy. A key feature for optimising space management in the kitchen.
- **Compact depth of 60 cm**
  With **a depth of just 60 cm**, this table fits perfectly even into the tightest of spaces, without compromising on functionality. It is the ideal solution for compact kitchens or work areas where every centimetre counts.
- **Optimal dimensions for everyday use**
  The overall dimensions of **180x60x85h cm** offer a good balance between work surface area and overall footprint. The standard height allows for comfortable use whilst standing and fits in easily with other kitchen equipment.

Technical specifications

- **External dimensions: 180 x 60 x 85h** cm
- **Load capacity:** 48 kg

. 100% Made in Italy.

NB: The product has some imperfections caused by transport.
