Cod: 12909

Professional countertop gas fry-top with smooth griddle, 9.4 kW, 55×50×40h cm – Damaged

Description

This professional countertop gas fry-top grill with a smooth griddle is the perfect catering appliance for grilling meat, fish and vegetables. Easy to install, it adapts effortlessly to different work areas.

Choose it for its modularity too: **you can place it on a workbench or open units, or in cupboards with doors**. **Efficient and functional**, the Fry Top grill is designed down to the last detail to be the perfect addition to professional kitchens.

Design and operation

Rectangular in shape and featuring a compact design, our **professional flat-top grill measures** just **55x50x40h cm**, with a cooking surface area of **54.8x35 cm**. The total **weight** is **19.4 kg.**

The **non-slip edges** on all sides allow you to work quickly and cook food to perfection, channelling fats into **the** dedicated **drainage hole**. The structure is made from high-quality **AISI 304 stainless steel** with excellent thickness, ensuring reliable thermal insulation.

At the top there is a **smoke extractor grille**, whilst at the front there are **heat-insulated plastic knobs** for adjusting the burners below. The cooking **residue collection drawer** is easy to open and makes cleaning the unit straightforward.**It is gas-fired with a power output of 9.4 kW**

Cleaning and maintenance

Stainless steel guarantees cleanliness and hygiene, as required by regulations for professional catering. Our products are manufactured in compliance with all quality standards, and **their design facilitates sanitisation**.

A professional countertop gas fry-top grill with a smooth griddle is a piece of equipment that requires great care, as **the grime caused by cooking can be particularly stubborn**.

It is strictly **forbidden to use cleaning products** on the stainless steel **that contain: sand, caustic soda, acids or chlorides**, as these would damage the surface. The product must be cleaned at the end of the day using a **damp cloth with a non-abrasive detergent** and **dried using only a dry cloth**.

Why this is the right product for you

Professional-grade and suitable for intensive use, our smooth countertop grill is made exclusively from **high-quality, robust materials**.

It ensures high performance, reaching high temperatures quickly, and**features piezoelectric ignition**. The cooking oil drip tray is practical and extremely useful, allowing for efficient management of fat drainage. Furthermore, this grill can be fitted with optional accessories: **it can be installed to run on either natural gas or LPG**.

Choose only the very best for your professional kitchen; put your trust in Ristoattrezzature's expertise and buy**safe, durable and high-performance equipment** online. Complete your workspace with workbenches and optional extras.

NB: The product has some imperfections caused by transport.
