Cod: 12947

Stainless steel table, 40×70×85h cm, on legs with a damaged underside

Description

Why buy it?

This stainless steel table is the ideal solution for anyone seeking **stability, hygiene and durability** in a professional kitchen or food preparation area. Its sturdy construction ensures you can work in complete safety, even when handling heavy loads. It is a worktop that combines **functionality and durability**, perfect for everyday use in the catering sector and beyond.

Technical specifications

- **AISI 201 stainless steel frame**
  Made from **high-quality stainless steel**, which is corrosion-resistant and easy to clean. This material guarantees impeccable hygiene, essential in professional environments such as kitchens, canteens, food preparation areas and delicatessens.
- **Sturdy legs and a balanced structure:** these ensure stable support even on uneven surfaces, keeping the worktop perfectly level at all times.
- **Load capacity up to 500 kg**
  The high load capacity allows it to support **heavy loads** without warping or sagging. Perfect for continuous use in industrial kitchens, laboratories or workshops where a reliable work surface is required.
- **Simple and functional design**
  The table features **clean, modern lines** that blend easily into any professional environment. The absence of sharp edges and the smooth surface make cleaning and sanitising easy.
- **Easy assembly and minimal maintenance**
  Thanks to its modular structure and durable materials, the table is **easy to assemble** and requires very little maintenance over time. A long-lasting investment for those seeking quality and practicality.

Technical specifications

- **External dimensions: 40x70x85h** cm
- **Load capacity: 500** kg
- **Material:** AISI 201 stainless**steel**

NB: The product has some imperfections caused by transport.
