Cod: 14836

Curved-glass ice-cream display cabinet, 8 flavours, static cooling, 148.7 × 65 × 131.5h cm, -18 to -24°C, Damaged

Description

The **curved-glass ice-cream display cabinet with 8 flavours** for ice-cream parlours is an attractive piece of furniture for those who serve ice cream and wish to offer fresh products to their customers.

Ristoattrezzure has a range of options and models to choose from in its catalogue: **compact, spacious and durable**.

Choose the one that best suits your needs.

This ice cream display counter model has **a refined and understated design**, ideal for any style and any space.

Ensure your business runs smoothly and rely on our experience and professionalism.

Design and operation

The 8-flavour curved-glass ice cream display cabinet for ice cream parlours is a reliable and spacious piece of professional equipment. This product is characterised by its **modern design and sturdy construction**.

The company pays great attention to the selection of high-quality materials.

The inner tank is made of aluminium and the outer frame of white sheet metal.

The sliding tempered glass doors ensure an airtight seal and energy efficiency. The doors are curved to provide a panoramic view of the products.

The external dimensions of our ice cream cabinet are **148.7 x 65 x 131.5h cm,** with a **total capacity of 330 litres**. It is electrically powered and has a power rating of 0.28 kW. **Energy consumption is approximately 1538 kWh/year**.

The refrigeration system is static, and **the operating temperature** can be set **between -18 and -24°C**.

This is the ideal range for the optimal storage of your ice creams. The horizontal arrangement of the **tubs – which can be selected from the optional extras** – makes for a more suitable and eye-catching display.

A **digital thermostat** allows you to maintain constant control over the temperature.

The design is completed by **four castors** at the base, two of which have brakes, ensuring easy and safe manoeuvring.

Cleaning and maintenance

The construction of **the 8-flavour curved-glass ice cream display cabinet** for cafés is solid and durable.

The **clean lines of the design** facilitate the cleaning and maintenance required to ensure the equipment remains durable and efficient.

The internal corners are rounded and the motor unit is built-in. Remove the tubs for a more thorough clean.

Always use **lukewarm water, natural cleaning products and a soft cloth** to avoid damaging the surfaces.

Why this is the right product for you

The **8-flavour curved-glass ice cream display counter** for ice cream parlours could be just the perfect product for you.

Trust in the quality of our products at an attractive price. Choose this ice cream display cabinet to complete your décor in a unique way, and you'll get:

- **high-quality materials**
- **a high-efficiency compressor**
- **air-cooled condenser**
- **digital thermostat**
