Cod: 13563

Non-stick stainless steel frying pan, Ø 20 cm, suitable for induction hobs

Description

Why buy it

This non-stick stainless steel frying pan is ideal for browning, stir-frying or finishing dishes on the hob. A practical choice for equipping your business with the necessary kit and tailoring operations to the type of service required.

Key features

- **Ingredient handling:** The shape of the pan provides a surface for arranging and moving ingredients during suitable cooking processes, which is useful for quick cooking and finishing touches.
- **On-the-spot preparation:** It allows you to organise your equipment for express service and for stirring, choosing the variant best suited to the recipe and the heat source.
- **Induction-compatible:** This model is suitable for induction hobs, allowing it to be integrated into the relevant cooking line, provided the hob's usable diameter is checked.

Technical specifications

- **Product dimensions:** 20 x 20 x 4.5h cm
- **Net weight per unit:** 0.56 kg
- **Diameter:** 20 cm
- **Construction and functional features:** Elegant, attractively designed stainless steel pans with a compact sandwich base, suitable for induction hobs. Manufactured using sophisticated all-over technology to ensure there are no empty cavities. This allows for better heat distribution, faster cooking and more even heat transfer, even right up to the edges of the pan.
- **Usage details and contents:** All-over technology extends the product's lifespan by preventing food, water or detergent residues from accumulating in the sandwich base, which could eventually cause deterioration.
- **Gross weight of the package for minimum order quantity:** 0.74 kg
- **Package dimensions for minimum quantity:** 41x24x8.5h cm
- **Recommended minimum order quantity:** 1 unit
- **Recommended sales multiple:** 1 unit
