Cod: 14006

Stainless steel saucepan with spouts, Ø 20 cm, 3.1 L, suitable for induction hobs

Description

Why buy it

This stainless steel saucepan with pouring spouts helps to complete your kitchen’s range of cookware. A practical choice for equipping your business with the necessary kit and tailoring operations to the type of service required.

Key features

- **Base design:** The surface of the pan is ideal for arranging ingredients and managing cooking and stirring processes that are compatible with the shape and material of the model.
- **3.1 L capacity:** The capacity specified for this model helps you plan quantities and restocking, choosing equipment proportionate to the kitchen’s workload or the service required.
- **Induction-compatible:** This model is suitable for use on induction hobs, allowing it to be integrated into the relevant cooking line, provided the usable diameter of the hob is verified.
