Cod: 14080

Aluminium colander, Ø 50 cm

Description

Why buy it

The aluminium colander helps to drain food after washing or cooking. A useful choice for putting together the equipment needed for your business and tailoring operations to the type of service required.

Key features

- **Separation from liquids:** The openings allow liquid to drain off as intended, whilst keeping the food in the colander.
- **Coordinated preparation:** It provides a dedicated tool for the draining stage and allows you to prepare food before seasoning or further processing.
- **Aluminium construction:** This material allows you to coordinate this item with your existing equipment, whilst adhering to the usage, washing and maintenance guidelines appropriate for aluminium.
