Cod: 14272

Conical stainless steel colander, Ø 45 cm

Description

Why buy it

The conical stainless steel colander helps to drain food after washing or cooking. A useful choice for equipping your business with the necessary equipment and tailoring operations to the type of service required.

Key features

- **Separation from liquids:** The openings allow liquid to drain away as intended, whilst keeping the food in the draining container.
- **Coordinated preparation:** It provides dedicated support for the draining stage and allows food to be prepared before seasoning or further processing.
- **Stainless steel construction:** This material is suitable for professional kitchen and service equipment and allows for easy maintenance using compatible products and procedures.

Technical specifications
