Cod: 14877

ABS-bodied refrigerated freezer cabinet with 1 glass door, 400 litres, static, -18 to -25°C – ZX Damaged

Description

Why buy it?

The 400-litre**ABS-constructed refrigerated freezer cabinet** is designed to ensure **maximum efficiency** in storing frozen food. With its stylish and durable design, it is ideal for those looking for a robust, practical product suitable for intensive use. Perfect for restaurants, cafés, patisseries and any business requiring a high-capacity, high-quality freezer.

Key features

- **400-litre capacity**:
  Ample space to store large quantities of food, with a **net capacity of 349 litres** to make the most of every centimetre inside.
- **High-quality materials**:
  The interior is made from **ABS**, a durable and easy-to-clean material, whilst the **white painted steel** exterior offers a professional and long-lasting finish.
- **Reliable static refrigeration**:
  This refrigeration system maintains a consistent temperature between **-18 and -25 °C**, ideal for storing frozen food without temperature fluctuations.
- **Precision digital thermostat**:
  Easily monitor and adjust the temperature thanks to the **intuitive digital display**, which ensures maximum reliability in temperature control.
- **Internal LED lighting**:
  The **energy-efficient LED lights** provide even and bright illumination inside the unit, making it quick and easy to find what you need, even in dimly lit environments.
- **Practical and safe design**:
  Fitted with a **recessed handle** that avoids bulky protrusions and a **lock** to ensure the safety of stored food.
- **Ease of movement and stability**:
  The **two rear wheels** allow you to move the cabinet easily, whilst the **two adjustable feet** ensure stability even on surfaces that are not perfectly level.
- **Energy efficiency**:
  Certified as **energy class C**, this freezer consumes **2045 kWh/year**, ensuring high performance with low running costs.

Technical specifications

- **External dimensions**: 60 x 58.5 x 185h cm
- **Gross/net capacity**: 400 litres / 349 litres
- **Electricity consumption**: 2045 kWh/year
- **Refrigerant**: R290
- **Net/gross weight**: 79 kg / 91 kg
- **Operating temperature**: -18 / -25 °C

Standard features

- **6 fixed shelves**: These provide optimal organisation to make the most of the interior space.

NB: The product has minor imperfections caused by transport.

Dimensions

External dimensions	600x585x1850 mm
Packaging dimensions	646x642x1990 mm

Technical specifications

Capacity	400 Lt
Defrosting	manual
Electricity consumption	2045 Kw/anno
Energy efficiency class	C
Frequency	50/60 Hz
Net capacity	349 Lt
Net weight	79 kg
Operating temperature	-18 -25 °C
Power supply	Electric
Refrigerant gas	R290
Refrigeration	static
Voltage	230 V
Weight including packaging	91 kg

Standard equipment

Included	6 fixed grids
