Cod: 5706

4-Tray 2/3 GN Electric Convection Oven

Description

4-tray 2/3 GN electric convection oven. The structure and cooking chamber are made entirely of AISI 430 stainless steel. The cooking chamber, with rounded edges in accordance with safety and hygiene standards, has been designed to deliver the very best in terms of performance and practicality. It is always fitted with a non-reversing motor and a fan specifically designed to ensure uniform heat distribution. Fitted with an internal light, and always supplied with tray supports and a GN2/3 rack. The door is side-opening, double-glazed, with a ball-bearing closure and a sealing gasket: designed to ensure maximum oven efficiency whilst also providing safety in the event of contact with the external surface.

Dimensions

Distance between baking trays	70 mm
External dimensions	620x600x580 mm
Packaging dimensions	700x700x700 mm

Technical specifications

Baking tray capacity	4
Electrical Power	3 kW
Frequency	60 Hz
Grill power	1.8 kW
Net weight	44 kg
Power supply	Electric
Voltage	230 V
Weight including packaging	50 kg
