Workbench with back panel and drawers, 60 cm deep, 100×60 cm, 2 drawers

Description

Neutral-coloured kitchen units

In this category, you can choose an empty kitchen cabinet based on its intended use and the type of professional kitchen equipment you wish to house inside it.

In particular, the following are available:

- stainless steel cabinet units for kitchens and cooking lines;
- stainless steel support units for countertop equipment;
- plain units with open shelves;
- professional kitchen units with solid-panel doors.

All neutral units in this category have fixed, adjustable feet and are made from stainless steel, a material suitable for contact with food in accordance with current regulations.

Browse our catalogue to discover all the features and different sizes.

. 100% Made in Italy.
